CET PRE-APPRENTICESHIP COURSES

UEE22020 Certificate II in Electrotechnology (Career Start)
Electrotechnology Pre-apprenticeship

OVERVIEW

This qualification is designed to provide participants with industry specific training to gain skills, knowledge and behaviours to enable transition into an apprenticeship in the Electrotechnology Industry.

The nationally accredited qualification covers competencies fulfilling the requirements of a work entry program and provides grounding in safety, opportunity to develop high level individual and team communication skills and the undertaking of work placement.

CONTENT

This course has 8 core, 5 elective and 4 work placement units of competency - visit cet.asn.au to view the unit details.

REQUIREMENTS

This qualification is delivered under pre-apprenticeship arrangements.

All applicants are required to undertake a literacy and numeracy pre-selection test administered by the College.

The test is of a Year 11-12 level and is specific to transposition of formula, trigonometric ratio and algebra. Candidates who have not yet completed year 10 studies are welcome to sit the pre-selection test.

Applicants who meet the course requirements will be invited to complete an Admission Statement and, if deemed necessary by the college, attend an interview. Your suitability for the program will be assessed based on your Pre-Selection Test, Admission Statement, and potential interview.

To be able to complete on the job work placement, students must be able to obtain an Electrical Training Licence. The application process will commence on the first day of the course. Relevant licence fee is payable by the student on application.

DURATION

Up to 16 weeks full time.

PRICE

The Tuition Fees* are set by the WA Department of Training and Workforce Development. This course is currently categorised as FEE-FREE which means there are no tuition fees charged.
