

CET POST TRADE COURSE

Electrical Contractor Training Program (Business Modules)

OVERVIEW

In WA, the Electricity (Licensing) Regulations 1991 provide that electrical contracting work may only be carried out by persons holding the appropriate electrical licence as issued by the Electrical Licensing Board.

This Building and Energy approved course satisfies the Electrical Contractor Training Program (ECTP) and provides licensed electricians with the training, skills and knowledge required to identify, investigate and apply statutory and legislative requirements, manage jobs and operate a business and inspect and test electrical installation work according to regulatory requirements.

Please note that successful completion of the Electrical Contractor Training Program requires learners to complete all Nominees and Business Modules. Full course details can be found at <https://bit.ly/47cPcj>.
